SUMMARY & JUSTIFICATION FOR VARIANCES

Directions: Complete responses must be provided for ALL questions. Incomplete applications will not be accepted. The space below may be utilized or responses may be submitted as a separate attachment. Specific criteria for Board approval of variances may be found on page 7. The justification must address these criteria. Please submit a typewritten or legible justification.

State whether the property described in this application is subject to a pending application or ordinance for a Rezoning or Special Use Permit. YES NO. (If yes, the variance/special exception request will be rescheduled to a hearing following the final approval by City Council & the Mayor). Please provide the relevant zoning number associated with the subject property: R-4

Summary of proposed construction changes to buildings or site (shall not replace submittal of written criteria). (Examples: "Convert a 100' x 200' retail space into a restaurant." "Install a 6-foot high opaque wooden wall ('privacy fence' with 6-foot high opaque wall gates.")

Building addition at rear of existing house to include attached garage, laundry room and mud room. Remove existing carport.

Proposed Lot Coverage (After Construction): Calculate total amount of lot coverage on entire property, after completion of proposed construction, including existing and proposed buildings and other structures; sidewalks, driveways, parking pads, patios, gravel, etc.; everything except natural planted or undisturbed areas.

3095 covered square feet / 6461 total lot square feet = 47.9 % proposed lot coverage
50 % maximum allowed lot coverage

Variance Criteria (see page 6 for detailed criteria):

- 1) What are the extraordinary and exceptional conditions pertaining to the particular piece of property in question (size, shape or topography)? Existing house is currently built outside the front side set back. We want to maintain existing. Lot narrows @ rear & usable outdoor living space is @ existing carport
- 2) How would the application of the Zoning Ordinance of the City of Atlanta to this particular piece of property create an unnecessary hardship? Will not be able to pull car into garage. The usable outdoor parking & living space visible from main floor living space is @ existing carport. We want to be able to see children playing.
- 3) What conditions are peculiar to this particular piece of property? The rear of property is more narrow than the vast majority of neighborhood. Street frontage is wider however it is on an arch,
- 4) Submit facts to show that relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of the Zoning Ordinance of the City of Atlanta. We are only maintaining the existing house set back from when it was originally built. Addition will be built with brick facade to make it low maintenance @ property line in question
