COUNCIL DISTRICT ______ APPLICATION NUMBER V-17-027

NPU ______ DATE FILED ____________

1. Ron Heller
Name of Applicant

BUILDING PERMIT AUTHORIZING
Active recreation/pool/parking turn around

at 596 East Morningside Drive NE 17th/51
Street Address Quadrant District & Land Lot

to be used for Residential purposes

The property is zoned R-4 District

2. The Building Permit Was Denied For The Following Reasons:

Applicant seek a variance from the zoning regulation to reduce the required rear yard setback from 15 feet to 10 feet. Also, applicant seek a special exception to allow: (1) active recreation in a yard adjacent to a street (Pool); (2) to allow a parking turn around in the required front yard setback; (3) and to exceed the maximum width of a driveway in the required front yard setback from 20 feet to 40 feet.

Applicant seeks no other variances at this time.

Complete plan review was not conducted

SUMMARY & JUSTIFICATION FOR SPECIAL EXCEPTIONS

Directions: Complete responses must be provided. Incomplete applications will not be accepted. The space below may only be utilized for the summary of proposal or responses may be submitted as a separate attachment. Specific criteria for Board approval of special exceptions may be found on page 9. The justification must address these criteria. Please submit a separate justification for responses to the applicable special exception criteria.

State whether the property described in this application is subject to a pending application or ordinance for a Rezoning or Special Use Permit. YES NO. (If yes, the variance/special exception request will be rescheduled to a hearing following the final approval by City Council & the Mayor.)

Summary of proposed special exception request (shall not replace submittal of written criteria). (Examples: “Installation of a swimming pool adjacent to the public right of way ("active recreation"), “Install a 6-foot high opaque wooden wall (‘privacy fence’ with 6-foot high opaque wall gates.”)

☐ Parking & Loading: List the maximum number of employees who will park on the site at any given time: ________________ AND list the maximum estimated number of customers, clients, visitors, or similar persons who will require automobile parking in connection with the facility on the site at any given time: ________________. If you propose to provide off-site parking, see the attached Standards for off-site Parking Agreements (page 10).

☐ Walls and Fences: Any request for walls or fences should include a site plan and elevations showing the full extent of the wall or fence and a drawing showing a typical portion of the wall or fence including gates of ornamental fences.

☐ Active Recreation: Install a swimming pool in yard adjacent to public right of way.

☐ Non-Conforming Uses & Structures (i.e. duplex):

☐ All other Special Exception Requests: To allow a parking turnaround in the required front yard setback from street to 10 feet.

August 2016 - Page 7 of 12
LETTER OF JUSTIFICATION

596 E. MORNSIDE DRIVE

To Whom It May Concern:

We are writing this letter to request approval for Two Special Exceptions and One Zoning Variances.

1. Special Exception to allow an Active Recreation adjacent a street in a residential district to install a swimming pool.
2. Special Exception to construct a parking turnaround in the front yard setback and to exceed the maximum width of driveway in the required front yard setback from 20’ to 40’.
3. Variance from the zoning regulation to reduce the required Rear Yard Setback from 15’ to 10’ to install a swimming pool.

Below are Justifications:

Reasons for Special Exception for Active Recreation Adjacent to a Street.

I. The location of Active Recreation will not be objectionable to occupants of a neighboring property or the neighborhood in general by reason of noise, lights or concentration of persons or vehicular traffic;
   a. The existing house is elevated more than 20’ above the Piedmont Avenue to the West and more than 8’ from E. Morningside Drive to the South. The neighbor to the North, the house sits +/-10’ lower and the neighbor to the East has an existing swimming pool and fence enclosure at same elevation level. The proposed pool is located in the rear yard and would be enclosed by an Existing 5’ ht Solid Brick Fence and steel access gates.

II. The area for such activity could not reasonably be located elsewhere on the lot;
   a. The pool would be located directly behind the footprint of house,
   b. The proposed pool and pool deck is within the impervious lot coverage.

Reasons for Special Exception of a Parking Turnaround in Front Yard Setback:

I. Sec. 16-18G.010 States that “No Parking shall be in the front yard or half depth front yard or between a primary residence and a street”. Existing is a driveway 10’ wide tapering to 18” at top of front yard slope within 10’ the front of house. No garage or side access drive exists.

II. Due to the topography of the lot, the house abuts the East side yard setback and no vehicle parking turnaround or garage was built. In addition, the House was built 20’ back from the 35’ front setback.

III. The lot is on the corner of two major collector streets, thus creating an unsafe and difficult ingress and egress. Currently, owner has to reverse his vehicle down the sloped driveway into oncoming or blocked traffic at the Piedmont Ave and E.
596 E. Morningside Dr. Residence

Morningside Drive traffic light intersection. With a parking turnaround in front yard, vehicles would be able to turnaround at top of driveway and exit safely in forward position.

IV. The proposed front yard parking turnaround is within the impervious lot coverage.

Reasons for Variance from the zoning regulation to reduce the required Rear Yard Setback from 15’ to 10’:
1. The back yard is less than 35’ from rear of house to the existing solid brick fence, leaving only a 20’ developable area.

II. The style and size of house was designed for the lots topography hardships.
   a. Over 30’ of the side yard to the West is elevation difference of 20’ to Piedmont Ave.
   b. Being on a corner of two major collector streets and the non-90 degree angle of E. Morningside Drive created a further setback of house.
   c. The plat shows the lots to the East have deeper rear yards than this one, a past lot split happened in earlier years.
   d. The proposed pool is of adequate size for the limited developable rear yard at 13’x28’ water area, is directly behind footprint of house and is within the impervious lot coverage.

With the facts above, we ask for your approval for the requested Special Exceptions and Variance.

Thank you.
