SUMMARY & JUSTIFICATION FOR VARIANCES

Directions: Complete responses must be provided for ALL questions. Incomplete applications will not be accepted. The space below may be utilized or responses may be submitted as a separate attachment. Specific criteria for Board approval of variances may be found on page 7. The justification must address these criteria. Please submit a typewritten or legible justification.

State whether the property described in this application is subject to a pending application or ordinance for a Rezoning or Special Use Permit. ___ YES ___ NO. (If yes, the variance/special exception request will be rescheduled to a hearing following the final approval by City Council & the Mayor.)

Construction of a new single family residential home.

Proposed Lot Coverage (After Construction): Calculate total amount of lot coverage on entire property, after completion of proposed construction, including existing and proposed buildings and other structures; sidewalks, driveways, parking pads, patios, gravel, etc.; everything except natural planted or undisturbed areas.

2,200 covered square feet / 4,445.78 total lot square feet = 49.5% proposed lot coverage

50% maximum allowed lot coverage

Variance Criteria (see page 6 for detailed criteria):

1) What are the extraordinary and exceptional conditions pertaining to the particular piece of property in question (size, shape or topography)? The size of the property creates a hardship if the current setback per zoning ordinance of the City of Atlanta is applied. The setback needs to be reduced from 35' to 17.5' to allow construction of a dwelling.

2) How would the application of the Zoning Ordinance of the City of Atlanta to this particular piece of property create an unnecessary hardship? Yes

3) What conditions are peculiar to this particular piece of property? The property is such that application of zoning ordinance would render the property unbuildable.

4) Submit facts to show that relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of the Zoning Ordinance of the City of Atlanta. If granted, the property as zoned, R4, would be usable as intended and fit the setback of existing dwellings that surround said property.
