REFERRAL CERTIFICATE

COUNCIL DISTRICT 6 APPLICATION NUMBER Y-18050
NPU F DATE FILED 2/21/18

Sean T Cash
Name of Applicant

BUILDING PERMIT AUTHORIZING
Single family addition

at 1416 Monroe Drive NE 17th/52
Street Address Quadrant District & Land Lot

to be used for Single family residential Purposes

The property is zoned R-4 District

2. The Building Permit Was Denied For The Following Reasons:

Applicant seeks a variance from the zoning regulation: (1) to reduce the required south side yard setback from 7 feet to 3 feet. (2) to reduce the required front yard setback from 35 feet to 32 feet for the construction of an addition to an existing story single family home.

Complete Plan Review Was Not Conducted

Applicant seeks no other variances at this time.

SUMMARY & JUSTIFICATION FOR VARIANCES

Directions: Complete responses must be provided for ALL questions. Incomplete applications will not be accepted. The space below may be utilized or responses may be submitted as a separate attachment. Specific criteria for Board approval of variances may be found on page 7. The justification must address these criteria. Please submit a typewritten or legible justification.

State whether the property described in this application is subject to a pending application or ordinance for a Rezoning or Special Use Permit. YES X NO. (If yes, the variance/special exception request will be rescheduled to a hearing following the final approval by City Council & the Mayor). Please provide the relevant zoning number associated with the subject property: ____________________________

Is the proposal subject to Inclusionary Zoning? ___ YES ___ NO

Summary of proposed construction changes to buildings or site (shall not replace submittal of written criteria). (Examples: “Convert a 100’ x 200’ retail space into a restaurant.” “Install a 6-foot high opaque wooden wall (‘privacy fence’ with 6-foot high opaque wall gates.”)

Add second story addition to existing home. Addition in rear reading
existing screened porch and adding approximately 18.75 new square feet. (New addition on
roof is 12’6” x 21’3 3/32”).

Proposed Lot Coverage (After Construction): Calculate total amount of lot coverage on entire property, after completion of proposed construction, including existing and proposed buildings and other structures; sidewalks, driveways, parking pads, patios, gravel, etc.; everything except natural planted or undisturbed areas.

3786.72 covered square feet / 7516.67 total lot square feet = 50.37 % proposed lot coverage

50 % maximum allowed lot coverage

Variance Criteria (see page 6 for detailed criteria):

1) What are the extraordinary and exceptional conditions pertaining to the particular piece of property in question (size, shape or topography)? R-4 Zoned properties require a minimum 70 feet street frontage. The subject property only has 50 feet street frontage.

2) How would the application of the Zoning Ordinance of the City of Atlanta to this particular piece of property create an unnecessary hardship? The existing home is within the front and side yard setbacks.

3) What conditions are peculiar to this particular piece of property? In addition to the 50 feet street frontage in R-4 zoned properties instead of the required 70 feet, the lot size is only 7516.67 square feet. A minimum lot size is 9000 square feet.

4) Submit facts to show that relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of the Zoning Ordinance of the City of Atlanta. The proposed improvements will be more in line with current homes in the area. This home was built in 1928. We are reducing the current 54.4% lot coverage to 50.37% and therefore bring the home closer to conformity.

Atlanta, GA 30303
Phone: 404-330-6145

Dear Sir or Madam:

We are requesting a variance from the City of Atlanta Zoning Ordinance to allow for A) a reduction of the 35 foot front yard setback to 32 feet, B) a reduction of the 7 foot side yard/southern setback to 3 feet and C) to allow lot coverage to be 50.37% which is over the 50% allowable.

The proposed request is for a second story addition over the existing home footprint except for a rear addition. The rear yard addition will line up with the existing home within the side yard setback. The proposed addition will add 12 feet 6 inches in the setback.

The Request to reduce the front yard setback is in order to add heated space within the footprint of the existing covered porch. Stairs with a column to match the existing columns and a landing will also be added to update the front of the home.

The existing site currently has 54.4% lot coverage. Our proposal will reduce the impervious area to 50.37% therefore bringing the overall site closer to conformity with the City of Atlanta Zoning Ordinance.

The "subject property" is located at 1416 Monroe Drive, NE, Atlanta, GA 30306, tax/parcel ID. number 17 00550060044. The property is zoned R-4, Beltline, SA-6. The subject property is owned by Sanjeev Juneja. There are extraordinary and exceptional conditions pertaining to the subject property which cause an undue and unnecessary hardship as follows:

1) R-4 zoning requires a minimum 70 foot street frontage. The subject property only has 50 feet of street frontage on Monroe Drive. Please also note that the property is only 7516.67 square feet. R-4 zoned properties require 9,000 square feet. This fact GREATLY reduces the buildable area. The current home is only 3.1 feet from the left/southern property line. We will not be closer to the property line after the proposed improvements.

2) The proposed front yard improvements will not be closer to the property line than existing conditions. Please note that no trees will be lost due to our proposal.

3) The reduction of impervious lot coverage will reduce runoff. We have accomplished this by adding a grass strip in the driveway. We will be replacing the existing driveway as it is in poor condition.
The proposed project will not inhibit the neighboring property owner's ability to fully utilize and enjoy their homes nor will it inhibit adjacent neighbors' access to current amounts of light and air. Moreover, the new home will improve the actual and perceived value of the existing homes in our opinion thus protecting against further and depreciation within the neighborhood. We sincerely request approval of this application.

Thank you for your kind consideration in this matter.

Sincerely,

Sean Cash
Applicant
