Description of Property

Address of Property 819 WILLOWOOD RD NE ATLANTA GA 30324 street city state zip code

Area: 0.28 Land Lot: 51 District: 17 , , FULTON County, GA.

Property is zoned: R-3, Council District: 6 , Neighborhood Planning Unit (NPU): ___

TO THE BOARD OF ZONING ADJUSTMENT: Applicant, having received a preliminary plan review from the Office of Zoning and Development prior to seeking a building permit or certificate of occupancy, hereby requests that the Board of Zoning Adjustment grant a Variance or Special Exception.

I hereby authorize the staff of the Office of Zoning and Development to inspect the premises of the above-described property. I understand that it is my responsibility to post a public notice sign on the property according to the instructions given to me by the Office of Zoning and Development upon filing this application. I swear that all statements herein and attached hereto are true and correct to the best of my knowledge and belief.

SUMMARY & JUSTIFICATION FOR VARIANCES

Directions: Complete responses must be provided for ALL questions. Incomplete applications will not be accepted. The space below may be utilized or responses may be submitted as a separate attachment. Specific criteria for Board approval of variances may be found on page 7. The justification must address these criteria. Please submit a typewritten or legible justification.

State whether the property described in this application is subject to a pending application or ordinance for a Rezoning or Special Use Permit. YES NO. (If yes, the variance/special exception request will be rescheduled to a hearing following the final approval by City Council & the Mayor). Please provide the relevant zoning number associated with the subject property: ____________________________.

Is the proposal subject to Inclusionary Zoning? YES NO.

Summary of proposed construction changes to buildings or site (shall not replace submittal of written criteria). (Examples: “Convert a 100’ x 200’ retail space into a restaurant.” “Install a 6-foot high opaque wooden wall (‘privacy fence’ with 6-foot high opaque wall gates.”).

DEMO AND REBUILD A NEW HOUSE

Proposed Lot Coverage (After Construction): Calculate total amount of lot coverage on entire property, after completion of proposed construction, including existing and proposed buildings and other structures; sidewalks, driveways, parking pads, patios, gravel, etc.; everything except natural planted or undisturbed areas.

4664.41 covered square feet / 12128.1 total lot square feet = 39.69% proposed lot coverage

40 % maximum allowed lot coverage

Variance Criteria (see page 6 for detailed criteria):

1) What are the extraordinary and exceptional conditions pertaining to the particular piece of property in question (size, shape or topography)?

________________________________________________________________________

2) How would the application of the Zoning Ordinance of the City of Atlanta to this particular piece of property create an unnecessary hardship?

________________________________________________________________________

3) What conditions are peculiar to this particular piece of property?

________________________________________________________________________

4) Submit facts to show that relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of the Zoning Ordinance of the City of Atlanta.

February 2018 - Page 5 of 13
Variance Justification Letter: V-19-______

819 WILDKOOD RD., NE
ZONING: R-3           PARCEL ID#:17-0051-0003-001

To Whom It May Concern:

On behalf of the owner, WESLEY AND ASHLEY HARTLEY, this letter is to request a variance to allow relief from zoning regulations and grant a variance to reduce the required setbacks to allow the construction of a new single-family home, as follows:

- Reduce the required front yard building setback from 50.0' TO 44'8"
- Reduce the required half yard building setback from 25.0' TO 15'1"

1) What are the extraordinary and exceptional conditions pertaining to the particular piece of property in question (size, shape or topography)?
   - This lot is zoned R-3 and requires a 50’ front yard setback, 25’ half yard setback, 10’ side yard setbacks and 20’ rear. This lot has constraining hardships based on the following:
     1. The minimum lot size required is 18,000 sqft. Currently, this lot is a total of 12,128 sqft. The extraordinary condition is a lot with at least 5,872 sqft or 1/3rd less buildable space if it were a conforming lot.
     2. The minimum standards for lot frontage require 100’. This lot has a surveyed total lot frontage of 51.03’. The exceptional condition that exist, is approximately one half less of the standard.
     3. And a conforming lot in this district would have a buildable area of at least 7100sqft or more to build. This lot only has a little over 3500sqft of buildable area. Almost a 50% decrease.

2) How would the application of the Zoning Ordinance of the City of Atlanta to this particular piece of property create an unnecessary hardship?
   - Strict application would result in a smaller house size, smaller livable area and less compatibility with other new homes and would deprive the owner of the right to improve their property that would otherwise be a privilege as enjoyed by other owners in the same district with conforming conditions.
   - It would create a potential on-street parking hazard being on a corner.
3) What conditions are peculiar to this particular piece of property?
   - Fulton county tax records show this house was constructed in 1941 as a one story.
   - This lot is a corner lot.
   - The existing house encroaches the side yard, front and half yard setbacks.
   - It has an average lot frontage distance of 60' due to a prominent curb at the corner intersection. Conforming lots require a 100' lot frontage.

4) Submit facts to show that relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of the Zoning Ordinance of the City of Atlanta.
   - The owners are maintaining, as close as possible, the original footprint of the 1941 home for the new house which improves land disturbance, with an exception:
     - The owner is improving the encroachments on the side yard by shifting the new footprint out of the required side yard. Creating more green space between her and the adjacent property.
   - The owner is installing new green infrastructure to treat stormwater and improve the water quality on the lot that proposes to improve stormwater overall on the lot and nearby areas.
   - The owner is providing ample secure off-street parking to accommodate family and guest.
     - Keeping the street clear of parking also creates safer conditions as this corner is a major bus stop for the neighborhood public school.
   - The positioning of the proposed house preserves green space, creates a clear sight line for pedestrians & vehicular traffic at the corner.
   - The owners are using design build professionals with an affinity for the Morningside neighborhood and who will preserve the aesthetics of the area as well as provide a generationally functional home.
   - Based on this, we believe that there will not be any foreseeable potential hardships or detriment upon any of the neighbors if granted. This includes no adverse impact to noise, lights, trees, public health threats or vehicular traffic. Other than relief of the required front yard setback, no other relief considerations are being requested at this time.

We are formally petitioning the Board to consider a variance approval to reduce the required half yard setback and front yard setbacks.

Thank you for your consideration of this request.

Respectfully,

April Ingraham,
Consultant/Applicant/Agent for WESLEY AND ASHLEY HARTLEY, owners
